FOR MIKE LOCKE-Lighting and Stage Specifics

These Numbers below have details, specific lighting, and or effects. Mike Locke will be coming to TNS to observe these particular numbers so that he can build from his notes and be ready to run them on stage, so they aren't taking up much time during these longer rehearsals. Some of these classes specifically aren't very long rehearsals so it's CRUCIAL you are all in attendance please arrive 10 min before your call time.

-Thank you

Important Notes for Thursday June 21 Tech & Blocking Day

- This rehearsal is slightly different than the February Recital. As we are doing BLOCKING & TECH on the SAME day. 😊 We are starting earlier to be sure each class has the time needed on stage for both blocking and tech. This day is a BIG Day. Starting early will also allow all our dancers, volunteers and staff to not be home so late in the evening. We will ALL be able to get a good nights rest in prep for dress rehearsal and show day. We greatly appreciate EVERYONE's time, cooperation, patience and energy during this busy week!
- Be Ready to go on stage once your class has been called to line up. Dancers must be waiting in the auditorium if not on stage. Please be on your best behavior as we are GUESTS of the Numerica Performing Arts Center!
- Bring healthy snacks and water with you! Please pick up after yourselves.
- **ALL DANCERS please come dressed in DARK DANCE CLOTHING; ESPECIALLY NO WHITE!!** The NPAC crew needs to continue to view the proper lighting, so having everyone in black or dark clothing will really help!
- **Company Dancers:** Dress Code required!
- *No one is allowed to wait outside of the Numerica PAC. Once all your routines have rehearsed on stage, you are free to leave. Parents please come inside the PAC auditorium to pick up your dancer.*

PLEASE NOTE: REGULARLY SCHEDULED CLASSES ARE NOT IN SESSION DURING THIS WEEK.
